

# Save with the Co-op Connections Card!

As your electric cooperative, it is important for Anza Electric (AEC) to provide members with safe, reliable power. Yet our service goes beyond the electrical wires.

It is also important that we offer traditional value that has an enormously positive impact on everyone in the community. As a Touchstone Energy cooperative, we strive to meet that goal on a daily basis.

The Co-op Connections program was launched in October 2008 . This card-based member benefit program is designed to deliver added value to our members by offering valuable discounts at participating local and national businesses.

A partnership with New Benefits - a nationally recognized provider of uninsured health benefits - allows Co-op Connections cardholders to save money on prescription drugs at more than 48,000 pharmacies nationwide, including some in Temecula, Hemet, Anza and the desert area.

Best of all, the card is free.

There is no sign up or annual fee. You get your Co-op Connections card simply because you are a member of AEC.

If you have lost your card or didn't receive one, please contact the office and we'll be happy to send you one.

While our top priority is to keep the lights on, AEC is committed to bringing additional value to our members and the communities we serve.

The Co-op Connections program is just another way to accomplish that goal.

It's the cooperative difference.
