

Anza Electric Cooperative, Inc.

A Touchstone Energy[®] Cooperative 

Effective 01/01/2024

RATE 20 SCHEDULE PA-1 IRRIGATION

TYPE OF SERVICE

Single phase and three phase, 60 Cycle A.C. at available secondary voltage. Available for all single phase and three phase agricultural irrigation services only.

All pumps installed rated higher than 7.5 hp must be three-phase, otherwise Rate Schedule A-1 will apply. Protection of three phase motors and other equipment shall be the responsibility of the member. The Cooperative recommends motor savers or other such devices to protect against damage due to single phasing of three phase distribution lines.

RATES

Service Availability Charge	\$48.00
Charge per kWh	\$0.188992
Demand Charge per each kW	\$11.50

MINIMUM

The monthly minimum charge under the above rate schedule shall be no less than the service availability charge.

BILLING DEMAND

The billing demand shall be the maximum kilowatt demand established for any fifteen-minute period during the billing month and shall be measured by using standard demand and energy equipment for metering.

POWER FACTOR ADJUSTMENT

The member agrees to maintain unity power factor as nearly as possible. The demand charge may be adjusted by 1% for each 1% by which the power factor is more than 5% from unity.

START-UP REQUIREMENT

Incremental start controls are mandatory for motors rated 40 hp or larger.

POWER COST ADJUSTMENT CLAUSE

Energy charges may be increased or decreased each month where the purchased power cost varies from the 2022 base rate of \$0.097643 per kWh. This adjustment factor will be uniformly applied to all rate classifications on a per kilowatt-hour basis.
